**AHERA REGULATIONS – 2010/2011**

Dear Seashore Teachers, Parents and Volunteers:

Seashore Middle Academy followed all guidelines and requirements specified by the AHERA Regulations, EPA 40 CFR Part 763. The AHERA regulations require that schools identify all asbestos materials and follow the procedures to provide a safe environment for all students and employees.

All the requirements have been satisfied and are shown in the Management Plan for the School. The plan is available for review at the school administrative offices but cannot be removed from the office by federal law.

Should you have any questions pertaining to the AHERA guidelines and Requirements Plan contact me at (361) 949-0076.

Sincerely,  
Maryann Carl
